Professional Summary

Full Stack Developer with hands-on experience building responsive web applications using React, Node.js, Express.js, and MongoDB. Built multiple personal projects, including a real-time chat application, a note-taking platform, a blogging system, a URL shortener, and a hosting website. Familiar with REST APIs, authentication, state management, and responsive UI development. Currently learning Next.js and TypeScript while seeking internship and junior full-stack developer opportunities.

Skills

Languages: JavaScript, C++, HTML5, CSS3
